BELLEFONTE, PA.,

Wednesday Morning, Sept'r 28, 1870.

The Political Campaign.

Our readers will see that we have dispensed with our usual Agricultural reading, as well as our Miscellaneous Literary matter.

Our reason for doing so, is on account of the great importance of the coming election—the effect the result will have on the welfare of the State and country; demand that we should give more space for the proper disemination of the important issues now before the people for their acceptance or rejection. As soon as this political Campaign is over we will resume publishing agricultural information as well as family reading matter.

The grave issues at stake, the great duties to be performed by the people at the polls at the coming election, so overshadows all non-political subjects, that we believe no reader of our paper who wishes his country to prosper and his race to continue progressive, will object to our conclusions in this matter, but on the contrary, will give them their hearty assent.

Farmers, Mechanics, Laboring-men, Business-men and Literary persons, should all willingly give a portion of their time, at least, for a few weeks previous to an important election, to the investigation of the politics of their country. For the purpose of giving every one of our readers an opportunity of investigating the great issues at stake, and the principles advocated by the great National Republican party, we, this week, commence making the BELLEFONTE REPUBLICAN a "red hot" political paper, and if it should keep getting hotter and hotter, during the campaign, it will be no fault of ours, and we don't believe any of our readers will complain.

Republican Conferee Meeting.

The Congressional Conferees of the Eighteenth District met in this city, on Tuesday, September 20, at 10½ o'clock, A. M., when Hon. Sobieski Ross, of Potter, was chosen *President*, and Col. W. W. Brown, of Centre, *Secretary*.

Tioga.—Aug. Alba, Chas. L Siemens, Chas. Tubbs.

Potter.—Daniel F. Glassmire, Sobieski Ross.

On motion of Chas. L. Siemens, Esq., of Tioga, Hon. W. H. Armstrong was nominated as the Republican candidate for Congress, in the Eighteenth District, and the vote being taken the motion was unanimously agreed too.

Messrs Siemens, Best and Rankin were chosen a committee to wait upon Mr. Armstrong and inform him of the action of the Convention.

After an absence of a few minutes, the committee returned in company with Mr. Armstrong, who thanked the Delegates for their personal attendance upon the Convention—was rejoiced at the unanimity with which the business had been transacted, and the great unanimity which prevailed in the Republican party throughout the district. Assured them that there was no dissatisfaction in the river counties, so far as he knew, except upon the part of a few who were disappointed in securing a position. He promised to go into the canvass at an early day and assured the Delegates that he would render such aid as was in his power to carry the district and every county in it for the entire Republican ticket.

After remarks from Potter and Tioga, that the Convention had been unanimous upon the selection of a standard bearer, the Convention adjourned.—*Gazette and Bullitin.*

UNANIMOUSLY NOMINATED.

The Republican Congressional Conferees of this district met at Williamsport, on the 20th inst., and unanimously nominated Hon. Wm. H. Armstrong for Congress.

Republicans of Centre county, our ticket is now complete, and composed of the very best men belonging to our party. Let us then, rally around them as one man and elect every one of them. By united action, with a little hard work, we can elect every one of our nominees. The cause of good government; the rights of Man—civilization and her twin sisters, morality and the christian religion, all, demand this at your hands. Will you, Republicans, be recreant to your duty—to your country; to God and humanity, in this great emergency. We have confidence in mankind, in the right; and believe that you, as heretofore, will prove yourselves equal to the emergency.

FIVE of the leading members of the new government of France are well known writers for the public press. In that land journalism is the direct avenue to power, and it will be in this as soon as journalists learn that it is just as easy to make great men out of themselves as out of second-rate politicians.—*Phila. Press.*

There is much truth in the above. Journalism in this country has never received the recognition it has deserved. One reason has been that journalists have too much lent themselves to the making of great men out of second-rate politicians. No power is recognized until it asserts itself, and the representative men of the "fourth estate" have always been extremely modest in this respect. A better day is coming, however, when the power of the journalist will be felt and recognized.—*Bedford Inquirer.*

ATTENTION DEMOCRATS!—"Nigger equality" is gradually working itself into the Southern Democracy. Recently twenty colored men were admitted as delegates to the Democratic State Convention of Louisiana. The organ in Centre county please take notice and make no wry faces at "swallowing the nigger."

Things to Be Remembered.

As the election approaches, says the *Telegraph*, the public mind should awaken to the actual condition of things, take in the whole truth, and prepare to decide the issue upon the facts. In order to do this there are many things to be brought to the recollection. Among others.

It should be remembered that the late rebellion, which was the immediate cause of the national debt and the taxes which now bear heavily upon the people, was inaugurated under and by a Democratic administration, and carried on by the Democratic party under Democratic leaders.

It should be remembered that the Democratic leaders and their rebel allies (for there are rebels still) are influenced by the same relentless hostility to the principles of Republican liberty now as during the rebellion, and are acting in concert, through the same treasonable agencies, to regain control of the Government.

It should be remembered that the settled policy of the Democratic party is to repudiate and annul all the constitutional amendments and laws of Congress reconstructing the Southern States, so that, finally, slavery may be restored.

It should be remembered that, should they attain power, they have in many portions of the Union expressed a determination to repudiate the national debt, thereby degrading the national honor, and making us the scorn of the civilized world.

And it should be particularly and especially borne in mind that the Democratic party is the openly avowed friend of free trade, and consequently the enemy of American industry.

These, and many more things of the same character, should be remembered by the people of Pennsylvania during the present campaign, and especially should they be kept clearly in view at the ballot box—the arbiter of popular will.

Work! Work!!

It is highly important that the Republican party of this State should be successful at the coming election. The Legislature should be secured by the Republicans beyond the possibility of a doubt. That body will have to district the State for members of the Senate and House of Representatives for seven years, and for members of Congress for ten years. Republicans should rally as one man and leave no stone unturned in their exertion to elect members of the Legislature. The loss of one member may throw the State into the hands of the disloyal, rebel sympathising democracy for the next ten years. If they should succeed in gaining a majority in our State Legislature this fall they would so re-district the State as to make nearly every Legislative and Congressional District return a majority for their party nominees. A greater calamity could not befall the people of the commonwealth.

Another important consideration which should influence every Republican voter and well wisher of his country, is the fact, that the State Senators to be elected this fall, before their time expires, will be called upon to vote for a U. S. Senator The loss of one Senator may give that important office to the copperhead traitors for the next six years. The loss of one Republican vote in any township in this county may entail upon the country the above disaster. Such, Republicans of Centre county, is the importance of one vote, see to it, then, that not a single Republican vote is lost. Talk, work, reason and pray with your Democratic neighbor and secure, if possible, his vote for the Republican nominees. Work, work, for the cause of right and your country, from now until election, and God will crown your cause, the Peoples cause, with victory.

THE Germans of New York having largely seceded from the Democratic party, and the State election being near at hand, the *World* and other organs of the party are making a desperate effort to remedy the matter, but it is too late. After extolling the Emperor Napoleon and denouncing and ridiculing "the Dutch," and stump speakers and leading spirits of Democracy need not now hope to wheedle intelligent Germans into supporting them at the polls. Now that their favorite has been dethroned, and a Republic exists in France, imperial Democrats in this country can with a better grace attempt to unsay some of the harsh things they have said against Prussia and her armies. The more prudent, especially in New York, under the pressure of an approaching election, are doing this. But others still mourn the fate of Napoleon, and refuse to transfer their sympathies even to prevent a split in their party. If, under these circumstances, the German voters allow themselves to be coaxed back into a party whose sympathies have been as strongly expressed, not only against them, but in favor of an imperial destroyer of republics, they are much sillier than we are willing to believe them.

AN AWFUL WARNING.—There are others beside the audiences of the temperance lecturer (who had traveling with him a confirmed inebriate brother to serve as a terrible warning) who need a reminder. Youngstown, Ohio, had her soldiers' monument sold at sheriff's sale, recently, on account of some neglect on the part of her commissioners in connection with the construction.

The Democrats complain that the necessaries of life are taxed. As they refused to vote for the reduction of the tariff on tea and coffee, and voted against keeping the present tax upon whiskey and tobacco, we suppose they regard the former as luxuries and the latter as necessaries. Men will differ.

Here is the best joke a Democratic paper ever got off:—"The world has had "its iron age, its golden age, and its age "of bronze. Radicalism has made the present an age of steal." This is a "good joke,"—when we remember that the Democratic party left nothing to steal.

The rude civilization of Territorial Wyoming in 1868 gave a Democratic majority of 1,436. Last winter, however, it had progressed sufficiently to confer suffrage upon women, and lo! the result this fall—a Republican triumph by a majority of over two hundred.

TARIFF ITEMS.

To open new manufactures is to create new pursuits.

PROTECTION is the national fence.—Free trade lets down the bars.

PRUSSIA and protection; France and free trade. Choose between them.

PROTECTION'S greatest benefit is not for the manufacturer, but for the consumer.

FREE trade is incompatible with the independence and security of a great nation.

Protection is a discrimination in favor of home labor; free trade in favor of foreign.

POVERTY, ignorance, crime, sterility, and popular degradation and misery are the curses that free trade entails on a country.

NOTHING tends more to increase national wealth, and to develop the skill and ingenuity of a people, than a division of labor and a variety of pursuits.

PROTECTIONISTS would tax foreign producers for the benefit of home labor. Free traders prefer by an excise to tax home production for the benefit of foreign manufacturers.

WHEN we erect manufactories we create home markets for our surplus products, and the whole community is benefited by the exchange of the products of one man's labor for that of another.

COUNT BISMARCK, than whom the world has never produced a shrewder or abler statesman, in a recent interview with the correspondent of an American newspaper is reported to have said, in answer to a remark that England was fearful lest Prussia should seize Holland: "Yes, I'm aware that is an English idea, but, like other English ideas, it is not accepted out of the country of its birth." Free trade is an English idea, and one which, as yet, no other country has accepted.—*Philadelphia Press.*

Are not the mechanic, the artisan, the miner, and the manufacturer, who furnish the farmer with his market, his true friends and allies? Are they not absolutely necessary to his existence and prosperity, and is he not a beggar without them? Is not, then, the British free trader, whose one and only end and aim is to break down our diversified industry, the relentless foe of the farmer, and should not the farmers of the land rise up as one man and stamp out these British free traders and their blighting, death-producing heresies?

A paragraph is going the rounds, which states as a reliable estimate that 1,900,000 persons are employed in manufacturing establishments in the United States, and that the number supported thereby is 10,000,000. Of this number 640,000 are employed in the manufacture of iron, steel, and in mining ore and coal. The 10,000,000 dependent upon manufacturing industries are so many consumers of agricultural products. How would the interests of farmers be affected if the free traders should succeed in driving all these skilled laborers into agriculture, and thus convert them from consumers into producers of the fruits of the field?

There are in Maine over 3,000 waters. The rivers of the State deliver annually 1,229,200,000,000 cubic feet of water.—This represents a horse-power of 2,656,200, which is equivalent to the labor of 34,000,000 men without intermission from the beginning to the end of the year.—*The Miller's Monthly, Dayton Ohio.*

And yet there are men, British free traders, who would prevent us from diversifying our industry and harnessing up these 2,656,200 horses, or using these 34,000,000 willing slaves, who require neither food, raiment nor shelter, but who would propel a portion of the machinery needed for that industry. These free traders would not only deprive us of the ability to utilize this wonderful productive power, but would drive the men of Maine, who should be allowed and encouraged so to utilize it, to the West, there to raise food in competition with and to the manifest injury of its farmers, thus at one blow destroying a market for agricultural produce and competing with its producers. Can anything be more absurd than to regard such folly and madness as the offspring of philosophic truth? Can this British free trade be the road which leads to civilization, and the amelioration of the condition of man and the lightening of his burdens? Would not the men and women who, receiving high wages, but directing and having the aid of these willing slaves, be abundantly able to give us a more plentiful and a cheaper supply of products, than could be obtained from them with low wages, but unaided by this power?—*Philadelphia Press.*

"How to save the Democracy" is the title of an article in a New York contemporary, discussing the ways and means of perpetuating the Democratic party in that State. But why save that which is of no use? A person once apologized in the presence of Dr. Johnson for an occupation somewhat questionable, by saying, "Doctor, we must live." "I am not at all convinced of the necessity of that," was the ferocious response. Was the sort of Democratic party we had all through the war worth saving? We think not. Either it was not worth saving, or the country and the people have decided that the country was.

So the woman's equality agitation is no new thing under the sun after all, for here's a book published in Lyons in 1537, which thus declares, in speaking of the deluge: "Adam will regain the part from which Eve was formed, and Eve *must* again become Adam's side, and lose the feminine character, and thus will it be with all other persons; every man will be like Adam, and every woman like Eve;" and it concludes with a positive assurance that women will cease to be.

All of the fall elections held thus far have resulted in Republican victories. First came the echoes from the green hills of Vermont of the usual sweeping triumph; then Maine, the "Star of the East," followed with another emphatic majority; then the golden territory of Colorado elected the entire Republican ticket, and lastly Wyoming repudiated her Democratic majority of last year by casting a handsome one for the Republicans.

For the REPUBLICAN.

J. G. Sankey.

MR. EDITOR:—Sir: Permit me through the columns of your paper to give the reason why about one half of the Democrats of Gregg tp., can *not* vote for J. G. Sankey. First, because he is deficient in Scholarship and judgment. When he last went to school, he read in Cobb's reader, made "*pot hooks*," with a pen and cipherd in addition. He, by chance, became Supervisor two years ago and had to get some of the hands to write down the names of the other employees, and Mr. Hetinger done his other business. Sankey bought 50 feet of plank from Mr. McCool for a bridge, and he had to get Mr. Jamison to tell him what they would amount too at one and one half (1½) cents per foot. He contracted with Mr. G. to open a road along Sinking Creek for the sum of $800, and at a specified time Mr. S. called for his pay when Sankey, without looking at the road, cashed him off. Mr. G., says he cleared $550,00, and it is rumored that there was a secret understanding between them with regard to the profits, at all events, the tp. will have to spend $400,00 more before the road can be travelled. Sankey made the tp., pay about four thousand dollars cost in a bounty case, and that too, against the advice and protest of the best men in the tp. When asked by a gentleman why he kept lawing when there was no hope of success, he replied, "*So that I'll become popular.*" A man called on a widow in George's Vally for 60 cents road tax, she handed him a two dollar bill, he gave her 70 cents; change and walked off. Was this a miscalculation or what was it? Johnny can you tell? Oh! *honesty*, thou art a *jewel*. Sankey belonged to the Know-nothings for several years and was very bitter in his denunciations of the "Locofocos" as he called the Democrats. Last fall he was a delegate to the County Convention, and afterwards urged Mr. Herring to come out as an independent candidate, alleging that Morrison was nothing but a *drunken* Landlord unfit for the office. He did *not* vote for Morrison.

Mr. Editor, perhaps you may ask how he got the delegates of this tp., if those charges are all true. After the delegate election, they were instructed to support Meek and Alexander. The officers went to filling out the credentials, and the citizens thinking all was over, all left the room but three, when Sankey offered one of them the tax duplicate next year if he would get the delegates instructed for him. The uMr. G. moved, and another seconded it and it was put to vote two voting for and one against. But when the news got out, there was considerable swearing that they had cheated the people and they would not vote for him. I can give the names of 47 Democrats in this tp. who will not vote for such a man as Sankey, and most of them will vote for Malone. These are all facts and [illegible]

Pic-Nic.

On Saturday the 17th inst., the Sunday School under the guidance of the Disciples of Christ, in Curtin township this county, turned out en mass to a pic-nic of their own getting up. And not having sufficient room in their new meeting house, they had learned somehow that the "groves were God's first temples" and they in solid column repaired to a magnificent grove on the banks of Marsh Creek, the festooned arbors and romantic wreathes found there, showed that fair hands had been at work. The American flag with its stars and stripes floated at one end of the speakers stand, and a beautiful Banner planted at the other with the motto of the school emblazoned on it viz: "*God is no respector of persons,*" giving evidence of the love of country and the love of God. It truly was a happy day for the kind hearts that met there and will be long remembered. Elder Wm. A. Ridge of Blanchard, was speaker of the day, his closing address was warm and eloquent, he spoke to those who had been his students in former days. Much credit reflects on the two gentlemanly managers of the school, John McCloskey, D. S. Welch, and Warren Lucas, as one of the marshalls.

SPECTATOR.

Roll-Call in Heaven.

An incident is related by a chaplain who was in the army during one of our hard-fought battles. The hospital tents had been filling up fast as the wounded men had been brought to the rear. Among the number was a young man mortally wounded, and not able to speak. It was near midnight, and many a loved one from our homes lay sleeping on the battle-field that sleep that knows no waking until Jesus shall call for them.

The surgeons had been their rounds of duty, and for a moment all was quiet. Suddenly the young man, before speechless, calls in a clear, distinct voice. "Here!" The surgeon hastened to his side, and asked what he wished. "Nothing," said he; "they are calling the roll in heaven, and I was answering to my name." He turned his head and was gone—gone to join the great army whose uniform is washed white in the blood of the Lamb. Reader, in the great roll call of eternity, your name will be heard. Can you answer, "Here!" Are you one of the soldiers of Christ, the great Captain of Salvation?

The Census Muster Rolls.

The Leavenworth *Bulletin* has an amusing "take off" on the pretentions to vast populations by Missouri River cities previous to the census, and sums up the actual condition of things after the marshall's books have been made up, as follows:

Omaha, after the census	13,000
Killed, wounded and missing	37,000
Council Bluffs, before the census	20,000
Council Bluffs, after the census	11,000

St. Joseph, after the census	18,000

The Prussian official report of the capitulation of Sedan states that the total number of prisoners taken, is 32,000.

THE REPUBLICAN.

R. B. BARGER,.........................PROPRIETOR.
W. W. BROWN,.........................EDITOR.

Terms: $2.00 Per Annum in Advance.

BELLEFONTE, PA.,

Wednesday Morning, Sept'r 28, 1870.

FOR CONGRESS,

W. H. ARMSTRONG,

OF LYCOMING COUNTY.

FOR SENATE.
WM. P. WILSON, of Centre.
D. WALKER WOODS, of Mifflin.

FOR ASSEMBLY.
R. H. DUNCAN, of Gregg.

FOR COUNTY COMMISSIONER.
DANIEL B. MALONE, of Milesburg.

FOR AUDITOR.
JOHN I. THOMPSON, of Huston.

FOR JURY COMMISSIONER.
HENRY McEWEN, of Walker.

JOHN I. THOMPSON,

our candidate for Auditor, is one of the best citizens in the county, a good accountant, and of unswerving inetgrity. He is the very man needed to fill that place.

PROTECTION creates a reciprocity between every branch of our national industry. It is a broad, general policy, embracing the whole Union. By voting the whole Republican ticket you will aid in securing prosperity for yourself and the whole country.

WHEN a rat, or other obnoxious, depredating animal, is caught in a steel-trap it squeals. The Democratic party of this county is just now squealing under the effects of Hon. Wm. H. Armstrong's patriotic legislation. Let them squeal it is all they can do, while all honest men and patriots will vote for Armstrong.

DANIEL B. MALONE, ESQ.,

is a man of conceded ability and a gentleman of irreproachable private character; a first class accountant and possesses a good sound judgment. Just such a man is now greatly needed in the commissioners office, and the signs of the times indicates his election.

A DIVERSIFIED industry is to a country what a diversified husbandry is to a farmer. Yet the Democrats of this Congressional District are bawling themselves hoarse over the acts in Congress of Wm. H. Armstrong, who spoke and voted in favor of protecting American industry. Elect Mr. Armstrong and every diversified industry will be protected and encouraged.

WM. H. ARMSTRONG,

has few, if any, superiors as a statesman. He has been a life long Protective tariff man, and while in Congress, let no occasion pass without working and speaking in favor of a Protective Tariff. He is an earnest worker in the great cause of Republican progress, and the oppressed, of all classes, always find in him a true friend. He will be reelected by an increased majority.

WILLIAM P. WILSON, ESQ.,

of this place, is an honest incorruptable gentleman of great moral worth and ability, and no one, not even his personal or political enemies, has ever questioned his integrity. He is just such a man as the people like to honor with their votes. His election to the State Senate will be hailed with joy by every honest man in the state irrespective of party. His election is already conceded by his oponents.

FARMERS and others in Trumbull Co., complain of a new cattle disease having broken out, called black-leg. The flesh on the fore legs of the cattle gradually drops off, leaving the bone exposed.—*Exchange.*

The same disease has been an epidemic in the Democratic party of this county for some time, the leg bones of which are already exposed, and will, no doubt drop off on the 2d Tuesday of next month.

JOHN H. ORVIS, Esq., of this place, at a Democratic meeting in Lock Haven last week said: "that negro suffrage was no longer a political question, but an accomplished fact from which there could be no appeal to the people." We give this information for the benefit of Fred Kurtz and his deluded followers. Where is the White Man's party now? Vote for John I. Thompson for county Auditor, and you will vote for a White Man.

THERE was not one Democratic vote cast at the recent election in Peacham, Vermont. There were two there last year, but the old man, who was deaf, dumb, and blind, has died, and the other has deserted his party to accept an office under the State government—the post of shoe-pegger in the prison. He is a base in-grate. While that is the case in Peacham there are several of the same kind of Democrats in this county who will not vote the Republican ticket. But all good citizens will vote for Wm. P. Wilson and Walker Woods.

DAVID W. WOODS,

our candidate from Mifflin county, (says the Lewistown *Gazette*,) "is a gentleman extensively known as second to none in this or neighboring counties in legal attainments, and as a citizen taking rank among the first in moral worth. That he would be a safe and reliable Senator, who would neither barter himself nor the State to unworthy purposes, no one can doubt; that laws drawn up by him or enacted under his charge would be free from the flaws and imperfections which now so frequently defeat the ends of justice, will hardly be questioned; and that he would scorn corrupt influences his course as an attorney will guarantee."

R. H. DUNCAN, ESQ.,

our nominee for the Legislature, is one of the best and most enterprising men in the county. While other men talks he works. This accounts for the success that has crowned his efforts. The people of Penns Valley are more indebted to the exertions of Mr. Duncan, than to all others, for the success that has so far crowned their railroad enterprise. Send Mr. Duncan to the Legislature and the completion of the railroad through Penns Valley, from one end to the other, will be an accomplished fact in less than one year. The completion of this road will add twenty dollars to the price of every acre of land in that valley. Farmers of Penns Valley, you now have a chance to benefit the country and yourselves. You can do it by sending your neighbor to the Legislature at the October election. His interests and your interests are identical. Stand by him.

TAX PAYERS READ. HOW DISHONEST MEN MAKE MONEY IN THE LEGISLATURE.

Meek Proved a Pincher & Rooster—The Great Swindle Exposed—The reason why the Harrisburg Patriot refused to add Meek's name to its published list of Honest Members in 1869.—Meek was offered $400 for one vote—Did he get the money? Facts Prove he owns Stock—How did he get it?

Centre County is a wealthy, and influential county, her citizens are intelligent, moral, religious. They should be represented by honest, high minded honorable representatives. Last year we sent Hon. J. G. Meyer. For the two previous years we were represented by Hon. P. G. Meek.

Mr. Meyer as we have often alleged was made a yearling of, by the Bellefonte Ring. This we honestly and candidly believe is the true state of the case. It is represented by some of Mr. Meyers friends, however, that he did not wish a re-election—a second term. One thing is certain, that is, we did our best to defeat him, last fall. We said a great many severe things against J. G. Meyer; but we believe in all we have ever written or spoken we never questioned his honesty.

We are assured by Mr. Meek, C. T. Alexander and others, that Mr. Meyer did not desire to go back. Other men, again, calling themselves good Democrats and sincere friends of Jacob G. Meyer declare to us that he did not wish to go back, because the Legislature of Pennsylvania was no place for an honest man. This we are assured is Mr. Meyer's own language, and that he has frequently declared that "the Legislature is no place for an honest man." Jacob G. Meyer should be good testimony with the Democracy of Centre Co. They all said and still say that he is an honest man. Now we call this honest man to the witness stand and ask him this question. If "the Legislature of Pennsylvania is no place for an honest man" why is it that Meek made such a mighty effort to defeat Mr. Meyer last year, and why is he so anxious to get back this winter?

Meek has served two terms. Jacob G. Meyer, an honest man, was satisfied with one term, according to the statement of his friends, because "it was no place for an honest man." Meek not satisfied with the number of times allotted to him by the regular Democratic custom, now forces himself, upon the ticket to the exclusion of better men, for the third term. Why does Meek wish to go back the third time? With his experience and Jacob G. Meyer being the witness, is Meek an honest man?

We simply ask the question, and proceed to give as coroborating testimony the facts connected with the passage of an Act of Assembly entitled

An Act.

To Incorporate the Big Sandy Run Improvement Company in Centre County.

We have not space to publish the Act entire and shall, therefore, at present merely give the names of the Corporators, or Commissioners as set out in Section 1st, of said Act. The Corporators "are G. W. Welsh, Wm. Parsons, Geo. F. Ronian, N. L. Atwood, W. L. Allen, James Sutler, Jno. Hoffer and Cyrus T. Alexander, and such as may associate with them, by subscribing to the capital stock" &c.

It will be observed that every man mentioned as a Corporator is a Democrat. Now then for the facts connected with this swindle, and Meek in his great character of "Pincher and Rooster." They will explain why Meek's name was rejected by the Harrisburg *Patriot* from his published list of honest men in the Legislature of 1869. They will also tell where some of the money came from to build his Brick Palace, with a hall in it.

Saylor, Day & Morey the largest lumber operators on Beech Creek, own a large steam saw mill, at the mouth of the above named stream. They reside in Philadelphia and have an agent who stocks their mill and attends to all of their business, in connection with this mill for them. This agent from what we can learn was in Harrisburg on business in February 1869.

On the 3rd day of February, 1869, this Agent (and we will give his name if necessary) was in the House of Representatives, and heard Meek introduce the "Big Sandy Run Improvement Company Bill." So quietly had this thing been managed, that not a single lumber operator on Beech Creek, or Big Sandy except Welch & Allen, knew anything about it. And had it not been for the accidental, presence of this Agent in the House of Representatives that day it would have passed without a struggle. But it was such a notorious swindle, such an outrage upon Saylor, Day & Morey, Messrs. Mason & Co., and the balance of the lumber men interested on that stream, that they when notified of it, determined to fight it. They did attempt to fight it, but failed simply because the member from Clinton county, and Mr. Meek, were both in favor of its passage. And why?

To a better understanding of this charter obtained, or Act passed, we must say that the situation of Big Sandy Creek is as follows: In 1861 Day & Saylor leased FOUR tracts of timber land on that stream, from the Snow Shoe land association. They improved the stream for 3 miles up, built a splash dam at a cost of about $1,200. Spent about $1,500 in improving the stream.

In 1867 Welsh & Allen leased 4 tracts on the same stream, about two miles further up and improved the stream from the dam of Saylor, Day & Morey, to their job. They also built a dam. They then altered the dam of Saylor, Day & Co. so that they (Welsh & Co.) could pass their logs through, and drove their logs on the improved stream of Saylor, Day & Co. three miles to the creek. This was the situation when Meek, for a consideration obtained the Charter in question.

Now for Meek and his complicity in this swindle. About the 1st of May last, Meek commenced writing letters to Saylor, Day & Co., Brown, Hastings & Co. and others demanding of them the "pound of flesh"—the toll, or tariff at the rate of 50 cents per thousand. He demanded of Saylor & Co. 50 cents per thousand on 600,000 feet. His letters were not heeded. He wrote again, threatened to sue. This was like the first unheeded. Meek signed all these letters as Secretary of the "Big Sandy Run Improvement Co." Will Meek please tell the honest Democrats and people of Centre county how he obtained his stock in this company? And how can a reckless free trader, be consistant in demanding of the lumbermen of that region a tariff of 50 cents per thousand feet? Meek it appears is a tariff man when the tax goes into his pocket.

On Friday the 9th inst., Meek brought suit in the Courts of Clinton County against, Brown, Hastings & Co., & Saylor, Day & Morey, to recover this 50 cent tax, with the 50 per cent penalty. He was ashamed to bring suit against them in this county, but sneaked away to Clinton County, so that his complicity in this outrage would not be ventilated in his county, thereby verifying the old adage that sheep thief dogs never kill sheep at home. He will have a good time, collecting his "Pincher & Rooster" money, as we are informed that the above named parties, intend to fight every inch of ground and carry it to the Supreme Court.

We have pretty good testimony that Mr. Allen, one of the Incorporaters in this Charter, agreed to give Mr. Meek $400 if he would pass the bill. Of this however we will have more to say next week and will not present it as a direct charge at present. But merely repeat our question to Mr. Meek, how did you get your stock in this company?

Why should Saylor, Day & Co., pay toll to Meek & Co., when Welsh, Allen, Meek & Co., never spent a dollar to improve the stream, nor paid a dollar towards the splashing, below the dam of Saylor, Day & Co? And why was this Act not published in 1869?

The Act was passed May 8th, 1869, but was not published until August 1870. Does this not show the snake, the swindle in this Bill? Again, the corporators in this Act do not own a single tree, growing upon the banks of the "Big Sandy" from its source to its mouth, and Meek who, by some means, succeeded to a great portion, if not all, of the stock, and who does the dirty work for the Company, does not pretend to have any interest in common with lumbermen.

We will copy the 5th, section of the Bill to show the honest men of the County, where the toll comes in and why Meek wants to go back to Harrisburg, and at the same time why Hon. J. G. Meyer, an honest man did not want to go.

Section 5. That the said company shall have the right to demand and receive from any and every person using the said stream for the purpose of running or floating lumber down its waters, the sum of *fifty cents per thousand feet*, board measure, for all lumber put in said stream; and all tolls for the use of the navigation shall be payable, if no demand for the same be made in advance, to the treasurer of the company within ten days after the lumber shall have been started in said stream, and on failure to make such payment the party in default shall pay the tolls with *fifty per cent* added there to, and the logs so floated shall be subject to a *specific lien* for said tolls, which said *lien* shall not be divested by any sale thereof until the tolls be paid, and said *lien* may be enforced either by retention of possession or replevin of the logs wherever and whenever they may be found."

REPUBLICANS.

In two weeks you will again have the privilege of testifying by the ballot your devotion to the principles and history of your organization, an organization that during four years of bloody war, unparalelled for serverity and atrocities committed by the enemies of our country safely brought our government out of the firey ordeal free and disenthralled. Every patriot in the land ought to feel proud of the Republican party. Its whole history is one continued narrative of zeal in support of the Right and free government. Coming into power in the nation, when the democratic party was plotting the destruction of the government, the Republican party safely conducted the entire nation through the conflict without the loss of a single star or stripe from the national banner, broke up a despotism of slavery and caste, and established in their place a government of justice and equality before the law for *all* of her citizens, thereby restoring the government on the basis of the Declaration of Independence as enunciated by our Fathers who founded this Republic. Notwithstanding the traitors of the south, and their Democratic allies of the North, have burdened the country with a heavy debt, the Republican party have already commenced lifting the burden of taxation from the peoples shoulders, by paying off within the last two years more than two hundred million dollars of that debt, and within the last year reduced the government tax on the necessaries of life, more than eighty million of dollars. Examine it as you please, the record of the Republican party, whether in war or in peace, you will find that it has kept steadily in view the right and interests of the whole people and the perpetuity of the union of the states.

The past successes of the Republican party, demonstrates its fitness to still be entrusted with the control of the government. A party such as it has proved itself to be; a party which labored for the preservation of the government under the disadvantages that our party labored under and succeded, all candid men must admit, is the party best qualified to rule and control the country, and dark, gloomy and selfish must be the mind who would now leave its ranks to join those of his and his country's enemies. After a fair and dispassionate review of the history and purposes of the great Republican party, we do not believe one single member of it will be found voting its enemies ticket on the day of the coming October election. On the other hand, we know of many honest Democrats, who have heretofore voted with their party, and who have severely scrutinized all the acts of the Republican party, now say, that it has accomplished more good for the country and the citizens within the last ten years, than the Democratic party did during the sixty years it had control of the government, and as good citizens and patriots they will yield it their support. Under the circumstances above named, and many others, that is known, which we have not mentioned, we ask all Republicans to give our party nominees, this fall, a hearty and energetic support. By doing this, certain victory awaits you, and the continued prosperity of all the varied interests of industry will be fully guaranteed.

OFFICE OF COMMISSIONER.

It has been truly remarked by a contemporary, and proven by experience, that wherever a body of men belonging to the same political party have been kept in office by the same party for any length of time the public welfare has been made subordinate to personal and political gain. This fact has become so palpable that nearly every honest man in this state belonging to both political parties, with Senator Buckalew at their head, are moving to have our State constitution so amended as to allow of minority representation. Under that system, "our board of commissioners would always be composed of two Democrats and one Republican, or two Republicans and one Democrat, just as each party would be successful in the county. The advantages of this policy is self evident. The Commissioners office is one that every tax payer, regardless of politics, is deeply interested in. If the people who pay our county taxes wish to put a stop to party and personal favoritism in the administration of our county affairs they should adopt the minority representation in that office this fall. With the board composed of one Republican and two Democrats, the affairs of the county in their management would undergo a closer scrutiny and the manipulating of schemes of plunder for personal pecuniary interests would be effectually prevented, and in less than three years, we, in full confidence, predict that our county taxes would be reduced one half. As every tax payer is personally interested in the reduction of taxes, why not give this system a fair trial this fall in the election of county commissioner. Mr. Sankey, the Democratic nominee, may be a very good man, yet if he is elected commissioner, he will be obliged to favor his party by siding in all things with his brother commissioners. By the election of Daniel B. Malone, the Republican nominee, whose qualifications for the office are indesputable, all the abuses which naturally creep into a party board will be obviated and our county taxes reduced. Democrats, voters belonging to both political parties, give this question your serious attention as by its adoption you will all be benefited.

P. Grey Meek, of the *Watchman*, denies that he wishes colored people to vote for him. The world still moves if Mr. Meek don't. Vote the whole Republican ticket without a scratch.

HENRY SHERWOOD.

The Democratic-copperhead-anti-war rebel sympathising and debt repudiating party of this District, have again went through the form of nominating a member of their party for Congress. We say form, because the most sanguine of that snaketribe have not even the shadow of a hope that their nominee will be elected. The victim, this time, is one Henry Sherwood, of Tioga county, whose political record is "on the square" with his party. In all probability this man Sherwood, after the election, will never be heard of again by our readers, and for the purpose of showing the reciprocity of feeling existing between the party and its nominee, we give a condensed history of his political life. The history of the Democratic party for the last twelve years is known by every schoolboy.

Mr. Sherwood is a lawyer of ordinary ability, and resides in Wellsboro, Tioga county, near "the New York State line." He opposed the war for the Union, the draft, the proclamation of emancipation, the right of our Soldiers to vote in the field, and was in favor of a dishonorable peace by acknowledging the independance of the rebel confederacy, as well as the repudiation of the entire National debt. Add to this, that he has been a life long free trade, and we have in Mr. Sherwood the requisits necessary to make a first class Gen. of that treason-loving Democratic party who nominated him. In fact, they could not have found a better representative of their principles if they had raked pandomenium through and through with a fine tooth comb. We congratulate them upon their *choice*. We admire consistency, and again tender thanks.

Mr. L. A. Mackey who was the victim two years ago, and to the tune of some fifteen thousand dollars by Democratic jockeys, and who was distanced in the race, by Armstrong, refused to be victomized the second time and politely declined, the nomination with thanks that people will learn by experience is fully proven by his actions.

Of course, all rebels and their sympathisers and all who are opposed to paying honest and just debts, will vote for Sherwood, but as very few of that class reside in this County, Sherwood's votes in Centre will be "few and scattered."

For the REPUBLICAN.

MILES TP., SNOOK'S STATION,
Sept. 23d, 1870.

COL. BROWN:—P. G. Meek and his postillions, John Conley and another fellow, visited our twp., and its environs on his electioneering hunt, and hearing that there was a little pipe laying in the Narrows made for the ranch. It was very warm and Meek and his company no doubt, being very dry, and to prepare themselves for the sortie, they called at the Hotel in Rebersburg ond tried to procure a gallon of Whiskey, having consumed the stock on hand. The failure had a sorry effect on their feelings, judging from their acts.

To-day I was in Rebersburg and heard of the sayings and doings of Meek and his coterie. They had seen apparitions in their travels through our township and foreboding, that the evil day was upon Meek—a hope that two married ladies inveighed against him—indeed uttered curses against him loud and deep, for his *stryknine* friendship to their husbands. Old Mr. ———, said that Meek was like the tax collectors, he never called upon us or with us, only when he wanted something—wanted to be elected to office. He said he thought Meek had got about as much already from the party as he deserved and that it was his opinion, Meek should stand back and let other men have a chance; but put an office *teat* in the mouth of one of those Bellefonte fellows and you have great trouble to wean them, and the only way to do it was not to vote for them and then they would behave themselves for a while. In this opinion and advice I think the old man was right, and I can assure you not only myself but many others will follow his advice this fall. If you think that we Brushvally and Pennsvally Democrats are not freemen you are greatly mistaken. The election I am sure will tell the story and many of us will stay at home on that day and so will Meek. He will not go back to Harrisburg I think. JAKE.

ABOUT this time every year the Democratic press usually blossoms out with "straws," accompanied with the sapient observation that those are indicative of the way the wind blows. This fall they have failed to see any favorable omens in the current which set in some time ago from Maine, Vermont, Nebraska, and Wyoming. The same current has reached Centre county in favor of the county ticket, and will give Wilson and Woods, who are men of integrity and moral worth a booming majority, everybody ought to vote for them.

For the REPUBLICAN.

To the Honorable the President and Directors of the Inter-State Fair held at Pittsburg, on the 12th, 13th, 14th, 15th and 16th of September, 1870.

The undersigned Committee appointed to examine and pass upon class 16, most respectfully report that in the First Division of the class, there were no exhibitors. Premiums were offered in this division only to "State Agricultural Societies," and none of these appeared as competitors.

In the Second Division, however, in which Experimental Farms Agricultural Colleges, Farm Schools and Seed Growers were the exhibitors, there was a highly creditable display by the Superintendents of the three several farms connected with the Agricultural College of Pennsylvania, to whom, under the general supervision and control of the Trustees and the Professor of Agriculture of the College, the management of the respective farms is committed.

The Eastern Experimental Farm, situate at West Grove, in Chester county, established April 1, 1868, and since that time, under the superintendence of Thomas M. Harvey, exhibited forty-four varieties of wheat, thirty varieties of oats, and eleven varieties of barley, neatly prepared and put up in glass jars containing about one quart each, labeled with the name of the variety. Many of these specimens were excellent in quality. The industry and perseverance evinced by Mr. Harvey in collecting and experimenting upon this formidable list of varieties, is deserving of great credit, and entitles him to the thanks of the agricultural community.

The Central Experimental Farm, situate near Agricultural College P. O., Centre county, established April 1, 1869, and since that time, under the Superintendence of Wm. C. Huey, exhibited *six* varieties of Wheat in the grain, of one-half bushel each, together with a specimen of each variety in the straw; *two* varieties of Rye in the grain, of one-half bushel each; *fourteen* varieties of Oats in the grain, of one-half bushel each, together with a specimen of each variety in the straw; *seven* varieties of Barley in the grain, of one-half bushel each, together with a specimen of each variety in the straw; *eight* specimens of the most approved varieties of the Potato, of one-half bushel each; *seventeen* specimens of new varieties of the Potato from seedlings each—except two—the product of 4 ounces of Tuber planted upon equal areas of land in close proximity, and equal also in the advantages of fertility, culture and manure, yet varying in the product from eleven pounds one-and-a-half ounces, to one pound five ounces; and also the one-fourth of one bushel of very good and well prepared Timothy seed.

The specimens of Wheat, Barley and Oats thus exhibited by Mr. Huey, in the *grain* and *straw*, placed in *juxta position*, showed to great advantage and added much to the beauty and interest of the exhibition. The experiments upon the seedling Potatoes, also attracted attention. The times of sowing and planting; the times of maturing, cutting and raising every variety of the grain and potato, were given. Mr. Huey has also merited, and should receive, the thanks of the agricultural community.

The Western Experimental Farm, situate near the borough of Indiana, in Indiana County, established April 1, 1869, and for one year under the Superintendence of Mr. Walker, of Fayette County, and since that time under the Superintendence of A. J. Hamilton, exhibited six varieties of Wheat in jars containing about one quart each; eight varieties of Oats in the grain of one fourth bushel each, and ten varieties of the Potato, of one-fourth bushel each. The Grains and Potatoes were good, and considering the very short time Mr. Hamilton has had the Superintendency, entitles him to great credit, and to the confidence of the agricultural community.

With the above explanations, the committee make the following award of Premiums, which we are happy to say they do unanimously: to

WM. C. HUEY,

Superintendent of the Central Experimental Farm, and to Thomas M. Harvey, Superintendent of the Eastern Experimental Farm *each* for the best and largest collection and display of sample *Seed Grains* grown and experimented upon, with a detailed history of the treatment of the crops, we award the First Premium of a Silver Medal to

WM. C. HUEY,

Superintendent of the Central Experimental Farm, for the best and largest collection and display of Potatoes, twenty-four varieties, we award the First Premium of ten dollars, and to

A. J. HAMILTON,

Superintendent of the Western Experimental Farm, for the next best and largest collection and display of Potatoes, ten varieties, we award the Second Premium of five dollars, all which is most respectfully submitted.

THE Eastern Pennsylvania Experimental Farm, located in Chester county, has raised, the present season, one hundred and fifty varieties of potatoes, between thirty and forty varieties of wheat, and thirty varieties of oats.

What has the experimental farm of this county done? Vote for Daniel B. Malone, for County Commissioner, as he is a gentleman of honor and integrity and he may tell you.

The Chairman of the County Committee acknowledges the receipt of Howard Republican nominations from Dr. E. S. Dorworth, as also report of Dr. J. W. Faust, of Worth township. The Howard ticket is an excellent one, put it through.

As soon as this revision is completed he shall visit every dwelling house in his district and make careful inquiry if any person whose name is on his list has died or removed from the district, and if so, to take the same therefrom, or wether any qualified voter resides therein whose name is not on his list, and if so, to add the same thereto; and in all cases where a name is added to the list a tax shall forthwith be assessed against the person; and the assessor shall in all cases ascertain by inquiry, upon what ground the person so assessed claims to be a voter. SEC. 3. After the assessments have been completed on the tenth day preceding the second Tuesday in October of each year, the assessor shall, on the Monday immediately following, make a return to the county commissioners of the names of all persons assessed by him since the return required to be made by him by the second section of this act, noting opposite each name the observations and explanations required to be noted as aforesaid; and the county commissioners shall thereupon cause the same to be added to the return required by the second section of this act, and a full and correct copy thereof to be made, containing the names of all persons so returned as resident taxables in said ward, borough, township or precinct, and furnish the same, together with the necessary election blanks, to the officer of the election in said ward, borough, township or precinct on or before six o'clock in the morning of the second Tuesday of October; and no man shall be permitted to vote at the election on that day whose name is not on said list, unless he shall make proof of his right to vote, as hereinafter required.

SEC. 4. On the day of election any person whose name is not on the said list and claiming the right to vote at said election, shall produce at least one qualified voter of the district as a witness to the residence of the claimant in the district in which he claims to be a voter, for the period of at least ten days next preceding said election, which witness shall take and subscribe a written, or partly written and partly printed, affidavit to the facts stated by him, which affidavit shall define clearly where the residence is of the person so claiming to be a voter; and the person so claiming the right to vote shall also take and subscribe a written, or partly written and partly printed affidavit, stating to the best of his knowledge and belief, where and when he was born; that he is a citizen of the com'n'wlth of Pennsylvania and of the United States; that he has resided in the Commonwealth one year, or if formerly a citizen therein, and has moved therefrom that he has resided therein six months next preceding said election; that he has not moved into the district for the purpose of voting therein; that he has paid a State or county tax within two years, which was assessed at least ten days before said election; and, if a naturalized citizen shall also state when, where and by what court he was naturalized, and shall also produce a certificate of naturalization for examination; the said affidavit shall also state when and where the tax claimed to be paid by the affiant was assessed, and when, where and to whom paid, and the tax receipt therefor shall be produced for examination, unless the affiant shall state in his affidavit that it has been lost or destroyed, or that he never received any, but if the person so claiming the right to vote shall take and subscribe an affidavit, that he is a native born citizen of the United States (or if borh elsewhere, shall state that fact in his affidavit, and shall produce evidence that he has been naturalized, or that he is entitled to citizenship by reason of his father's naturalization); and shall further state in his affidavit that he is, at the time of taking the affidavit, between the ages of twenty one and twenty two years; that he has resided in the State one year and in the election district ten days next preceding such election, he shall be entitled to vote, although he shall not have paid taxes; the said affidavits of all persons making such claims, and the affidavits of the witnesses to their residence, shall be preserved by the election board and at the close of the election they shall be enclosed with the list of voters, tally list and other papers required by law to be filled by the return judge with the prothonotary, and shall remain on file therewith in the prothonotary's office, subject to examination, as other election papers are; if the election officers shall find that the applicant or applicants possess all the legal qualifications of voters, he or they shall be permitted to vote, and the name or names shall be added to the list of taxables by the election officers the word "tax" being added where the claimant claims to vote on tax, and the word "age" where he claims to vote on age; the same words being added by the clerks in each case respectively on the lists of persons voting at such election.

SEC. 5. It shall be lawful for any qualified citizen of the district, notwithstanding the name of the proposed voter is contained on the list of resident taxables, to challenge the vote of such person; whereupon the same proof of the right of suffrage as is now required by law shall be publicly made and acted on by the election board, and the vote admitted or rejected, according to the evidence; every person claiming to be a naturalized citizen shall be required to produce his naturalization certificate at the election before voting, except where he has been for ten years, consequently a voter in the district in which he offers his vote; and on the vote of such person being received, it shall be the duty of the election officers to write or stamp on such certificate the word "voted," with the month and year: and if any election officer or officers shall receive a second vote on the same day, by virtue of the same certificate, excepting where sons are entitled to vote by virtue of the naturalization of their fathers, they and the person who shall offer such second vote, upon so offending shall be guilty of a high misdemeanor, and on conviction thereof, be fined or imprisoned, or both, at the discretion of the court, but the fine shall not exceed one hundred dollars in each case, nor the imprisonment one year; the like punishment shall be inflicted, on conviction, on the officers of election who shall neglect or refuse to make, or cause to be made the endorsement required as aforesaid on said naturalization certificate.

SEC. 6. If any election officer shall refuse or neglect to require such proof of the right of suffrage as is prescribed by this law, or the laws to which this is a supplement, from any person offering to vote whose name is not on the list of assessed voters, or whose right to vote is challenged by any qualified voter present, and shall admit such persons to vote without requiring such proof, every person so offending shall, upon conviction, be guilty of a high misdemeanor, and shall be sentenced, for every such offense, to pay a fine not exceeding one hundred dollars, or to undergo an imprisonment not more than one year, or either, or both, at the discretion of the court.

SEC. 7. Ten days preceeding every election for electors of President and Vice President of the United States, it shall be the duty of the assessors to attend at the place fixed by law for holding the election in each election district, and then and there hear all applications of persons whose names have been omitted from the list of assessed voters, and who claim the right to vote or whose rights have originated since the same was made out, and shall add the names of such persons thereto as shall show that they are entitled to the right of suffrage in such district, on the personal application of the claimant only, and forthwith assess them with the proper tax. After completing the list, a copy thereof shall be placed on the door of or on the house where the election is to be held, at least eight days before the election; and at the election the same course shall be pursued, in all respects, as is required by this act and the acts to which it is a supplement, at the general elections in October. The Assessor shall also make the same returns to the county commissioners of all assessments made by virtue of this section; and the county commissioners shall furnish copies thereof to the election officers in each district, in like manner, in all respect, as is required at the general elections in October.

SEC. 8. The same rules and regulations shall apply at every special election, and at every separate city, borough or ward election, in all respects as at the general election in October.

SEC. 9. The respective assessors, inspectors and judges of the elections shall each have the power to administer oaths to any persons claiming the right to be assessed or the right of suffrage or in regard to any other matter or thing required to be done or inquired into by any of said officers under this act; and any wilful false swearing by any person in relation to any matter or thing concerning which they shall be lawfully interrogated by any of said officers shall be punished as perjury.

SEC. 10. The assessors shall each receive the same compensation for the time necessarily spent in performing the duties hereby enjoined as is provided by law for the performance of their other duties to be paid by the county commissioners as in other cases; and it shall not be lawful for any assessor to assess a tax against any person whatever within ten days next preceding the election to be held on the second Tuesday of October, in any year, or within ten days next before any election for electors of President and Vice President of the United States: any violation of this provision shall be a misdemeanor, and subject the officers so offending to a fine, on conviction, not exceeding one hundred dollars, or to imprisonment not exceeding three months, or both, at the discretion of the court.

SEC. 11. On the petition of five or more citizens of the county, stating under oath that they verily believe that frauds will be practiced at the election about to be held in any district, it shall be the duty of the court of common pleas of said county, if in session, or if not a judge thereof in vacation, to appoint two judicious, sober and intelligent citizens of the county to act as overseers at said election; said overseers shall be selected from different political parties, where the inspectors belong to different parties, and where both of said inspectors belong to the political party, both of the overseers shall be taken from the opposite political party; said overseers shall have the right to be present with the officers of the election, during the whole time the same is held, the votes counted and the returns made out and signed by the election officers; to keep a list of voters, if they see proper; to challenge any person offering to vote, and interrogate him and his witness under oath, in regard to his right of suffrage at said election, and to examine his papers produced; and the officers of said election are required to afford to said overseers so elected and appointed every convenience and facility for the discharge of their duties, and if said election officers shall refuse to permit said overseers to be present and perform their duties as aforesaid, or if they shall be driven away from the polls by violence or intimidation, all the votes polled at such election district may be rejected by any tribunal trying a contest under said election: *Provided*: That no person signing the petition shall be appointed an overseer.

SEC. 12. If any prothonotary, clerk, or the deputy of either, or any other person, shall affix the seal of office to any naturalization paper, or permit the same to be affixed, or give out, or cause or permit the same to be given out, in blank, whereby it may be fraudulently used, or furnish a naturalization certificate to any person who shall not have been duly examined and sworn in open court, in the presence of some of the judges thereof according to the act of Congress, or shall aid in, connive at, or in any way permit the issue of any fradulent naturalization certificate, he shall be guilty of a high misdemeanor; or if any one shall fraudulently use any such certificate of naturalization, knowing that it was fraudulently issued, or shall vote, or attempt to vote thereon, or if any one shall vote, or attempt to vote, on any certificate of naturalization not issued to him, he shall be guilty of a high misdemeanor; and either or any of the persons, their aiders or abettors, guilty of either of the misdemeanors aforesaid, shall, on conviction, be fined in a sum not exceeding one thousand dollars, and imprisoned in the proper penitentiary for a period not exceeding three years.

SEC. 13. Any person who on oath or affirmation, in or before any court in this State, or officer authorized to administer oaths, shall, to procure a certificate of naturalization, for himself or any other person, wilfully depose, declare or affirm any matter to be fact, knowing the same to be false, or shall in like manner deny any matter to be fact, knowing the same to be true, shall be deemed guilty of perjury; and any certificate of naturalization issued in pursuance of any such deposition declaration or affirmation shall be null and void; and it shall be the duty of the court issuing the same, upon proof being made before it that it was fraudulently obtained, to take immediate measures for recalling the same for cancellation, and any person who shall vote or attempt to vote on any paper so obtained or who shall in any way aid in, connive at or have any agency whatever in the issue, circulation or use of any fraudulent naturalization certificate, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall undergo an imprisonment in the penitentiary for not more than two years, and pay a fine not more than one thousand dollars for every such offense, or either or both, at the discretion of the court.

SEC. 14. Any assessor, election officer or person appointed as an overseer, who shall neglect or refuse to perform any duty enjoined by this act, without reasonable or legal cause, shall be subject to a penalty of one hundred dollars, and if any assessor shall assess any person as a voter who is not qualified, or shall refuse to assess any one who is qualified, he shall be guilty of a misdemeanor in office, and on conviction be punished by fine or imprisonment, and also be subject to an action for damages by the party aggrieved; and if any person shall fraudulently alter, add to, deface or destroy any list of voters made out as directed by this act, or tear down or remove the same from the place where it has been fixed with fraudulent or mischievous intent or for any improper purpose the person so offending shall be guilty of a high misdemeanor, and on conviction shall be punished by fine not exceeding five hundred dollars, or imprisonment not exceeding two years, or both, at the discretion of the court.

SEC. 15. All elections for city, ward, borough, township and election officers shall hereafter, be held on the second Tuesday of October, subject to all the provisions of the laws regulating the elections of such officers not inconsistent with this act; the persons elected to such offices at that time shall take their places at the expiration of the terms of the persons holding the same at the time of such election; but no election for the office of assessor or assistant assessor shall be held, under this act, until the year one thousand eight hundred and seventy.

SEC. 16. At all elections hereafter held under the laws of this Commonwealth, the polls shall be opened between the hours of six and seven o'clock, a. m., and closed at seven o'clock p. m.

SEC. 17. It shall be the duty of the Secretary of the Commonwealth to prepare forms for all the blanks made necessary by this act, and furnish copies of the same to the county commissioners of the several counties of the Commonwealth; and the county commissioners of each county shall, as soon as may be necessary after receipt of the same, at the proper expense of the county, procure and furnish to all the election officers of the election districts of their respective counties copies of such blanks, in such quantities as may be rendered necessary for the discharge of their duties under this act.

SEC. 19. The citizens of this State temporarily in the service of the State or of the United States Governments, on clerical or other duty, and who do not vote where thus employed, shall not be thereby deprived of the right to vote in their several election districts if otherwise duly qualified.

LOCAL ITEMS.

VERY LARGE.—The Messrs Loeb, May & Loeb received last week a large and splendid assortment of fall and winter goods. Call and see them.—Advertisement next week.

SCALDED.—A little child of Mrs. Jas. Henry, of Union tp., this County, fell over a pail of hot water, one day last week and was so badly scalded that it died soon after.

PENN STREET.—The grading of Penn st., has been a great improvement to that thoroughfare. The election of Dan'l. A. Malone as County Commissioner would be a greater improvement as it would reduce taxation. All honest men will vote for him.

BARGAINS.—Burnside & Thomas have just received another large invoice of goods. They are fair men. They invite everybody to give them a call.—Persons who intend coming to our county fair will do well to call and examine the stock of goods at Burnside & Thomas.

A WASHINGTON dispatch says: The distilleries throughout the country which have been idle during the hot weather, are now resuming work. Which is *prima facia* evidence that Democrats have commenced their annual liquid arguments. Vote for none but staunch Union Republicans.

TASTEFUL.—Would not our School Directors contribute to the beauty of the school grounds by enclosing and planting them with shade trees? Which one of them will be the first to move in the matter? Those in favor of free schools will vote for Hon. Wm. H. Armstrong.

MEETING OF THE REPUBLICAN CLUB.—The Republicans and all others who are in favor of Republican principles and a just administration of all public affairs are invited to attend the meeting of the Republican Club at their Club Room on Friday evening, Sept. 30, 1870. Eminent speakers will be present.

THE DELICATE AND INFIRM.—The most incredulous are convinced of the virtues of Speer's "Standard Wine Bitters" upon a trial of them. Their base is pure wine, with herbs and roots, so favorably known to the Medical Profession and the community at large. They are all that can be desired by the most feeble and infirm.

Druggists sell the Bitters.

ANOTHER COPPERHEAD KILLED.—Rev. Wm. A. Ridge recently killed in the main st. of Blanchard, Centre county, a huge copperhead snake four feet in length. True to its instincts it showed fight as soon as it got a sight of that gentleman. Snakes of that species are not plenty in that end of the county. As that kind of snakes are dangerous in any community, vote for Wilson and Woods the great copperhead destroyers.

HOW TO KILL FLIES.—A friend informs us that the best "fly Killer" in the world is a tumbler of whiskey, sugar and water. He says the flies will gather about it in swarms, drink it greedily, get drunk, tumble in heels over head and die in a jiffy. That will be the case with the Democratic party this fall. If you want to aid in its entire destruction vote for Robert H. Duncan.

BELLEFONTE, Sept. 1st, 1870.

E. H. KINSLOE, Esq., Agent Travelers Insurance Co.—*Sir:* I hereby certify that my claim for Indemnity on a $2000 policy in the Travelers, which was due me on account of an accident I received just three weeks after I was insured, was promptly paid by the company through you. Recognizing the fact that the Travelers is in every respect a prompt paying and reliable company I at once increased my policy to the limit allowed by the Company which is $10,000. Hoping that this may be the means of bringing the subject of Accident Insurance before our citizens in a practical form, I am. Your well wisher.

L. A. MILLER.

FATAL ACCIDENT.—On Friday evening, 23d inst., Mr. John Strunk of Milroy, Pa., undertook to mix benzine and other ingredients together in a crock, for the purpose of making, as he says, a non-explosive oil. After Mr. Strunk had completed the mixture, he approached the crock containing it, with a lighted candle in his hands, when the gas escaping ther efrom, caught fire from the candle and ignited the contents of the vessel. Mr. S. attempted to remove it from the house, and in his efforts to open the door, spilled a portion of the burning liquid on his hands and arms, which burned him horribly. His cries brought to his assistance, Harry O. Hoopes, who also attempted to remove the vessel from the house, and in his endeavors to do so, was so badly burned that he died on the following morning. He was about 14 or 15 years of age.

Mr. Strunk's recovery, at this time, is reported doubtful.

ARRANGEMENTS COMPLETED.—The work upon the new buildings, and other improvements, on the grounds of the Altoona Park Association, will be completed in a day or two, and all things ready for the reception of stock and articles, and the opening of the Exhibition. The new building is 16 feet wide, 80 feet long, 12 feet high to the square, comb roof covered with shingles, and well floored. It will be much better lighted than the other buildings, and is intended specially for ladies' work, paintings and fine articles. The construction of this building gives almost double the amount of room the Association had last year, consequently there will be less crowding of articles, and all will be exhibited to much better advantage.

A train of passenger cars will be run between the depot, in front of the Logan House, and the grounds, every half hour, during the continuance of the Exhibition.

The driving course is in excellent condition and in constant use—quite a number of horses entered for speed being now in the stables on the ground, as also others that are under training. The Exhibition opens Oct. 4th, and closes Oct. 7th.

CAMPBELL'S ZOOLOGICAL AND EQUESTRIAN INSTITUTE.—By referance to an advertisement in to-day's paper it will be seen that Campbell's Mammoth Show will visit this place, on Wednesday, Oct. 5th, at which time the dwellers in this community will have an opportunity of witnessing one of the largest collections of living animals now on exhibition, together with a complete circus troupe, composed of the most talented artistes known to the arena. While one ticket admits to both menagerie and circus, for the benefit of persons desiring to view the wonders of the menagerie without witnessing the circus performances, the doors will be open one hour previous to the commencement of the circus, thus affording ample time for a study of the brute creation, as exhibited in their massive dens. The menagerie is of itself alone worth the price of admission. For a list of rare animals see advertisement. Signor Balize, the world-renowned lion king will enter the den of lions at each exhibition, and exhibit the wonderful power which man possesses over the brute. The clowns are Stickney and Ward, both of whom are possessed of great reputation as jesters, and whose side-splitting eccentricities and irresistable comicalities form no small feature of the entertainment. Price of admission, fifty cents. Remember day and date, and don't fail to be in attendance.

THE BOROUGH AND WARD ELECTIONS.

As provided by a recent act of the Legislature the citizens of Bellefonte will, at the October election, have to vote by wards, the town having been divided into three seperate election districts. The election polls for the different wards, however will be at the Court House, at different windows.

The board of School Directors will be increased to nine in number and the Town Council remain at nine, the same as now—allowing three members of each board to each ward. The act of Assembly provides that at the next election the Councilmen and School Directors "shall be elected from those wards having the least number until they shall have become equalized so that each ward will have three, after which time one shall be elected each year from each ward."

It will, therefore, be necessary at the coming election to choose five School Directors—three from the South Ward and two from the North Ward—three old members in the West and one in the North Ward holding over. Three of these will have to be chosen for three years, two for two years and one for one year.

The three Councilmen, this time, will all have to be chosen from the West Ward, there being three in each of the other wards holding over.

It will also devolve upon the voters of each ward to elect a Judge and two Inspectors of elections.

The Chief and assistant Burgess, Overseers of the Poor. Assessor and Assistant Assessors, Treasurer, Constable, High Constable and Auditors will have to be chosen by a general ticket voted by citizens of the whole borough.

We have endeavored to make this matter plain to our citizens, so that no blunder may be made in framing the borough and ward tickets. We would suggest to our Republican friends in the different wards that they call meetings at an early day for the purpose of nominating ward tickets. We presume the proper way to nominate a general borough ticket will be for each ward to select three delegates for that purpose. Let the matter be attended to in good time.

For the REPUBLICAN.

COL. W. W. BROWN:—It appears I have waked up that Rip-Van-Winkle of Radicalism, J. G. Kurtz, and in his vageries he has signed his name to two articles published in the *Watchman*, written by Joe W. Furey & Co., for George to sign and go it blind. Sport and fun are sometimes allowable. "Laugh and grow fat" is an old adage and a good one; but in this case it is cruel, when practiced upon this changeling, inducing him to sign his name to articles never read to him, or if read to him at all, read in such a manner as to deceive George, so that the poor creature did not understand the drift, or meaning of the same, and like a culprits confession, only noted for its falsehood and the ridiculous attitude in which it places this AUTOMATON.

He refers to the tariff question, and is made to say that "Armstrong was at home while the gentleman from Maryland a red hot free trader, *whom he paired with*, remained at his post and voted as any *true representative* always will do, to carry the measure of *reduction on iron* to a success." This ebulition of George's exhibits a strange medley of falsehood and chicanery.

In the first place the gentleman (Mr. Aicher) from Maryland, with whom Mr. Armstrong paired off, did not remain, and did not vote at the time. The *Watchman* had made this charge against Mr. Armstrong, when you Col. Brown met the lie by publishing the denial of Mr. Archer, the gentleman from Maryland. You published Mr. Archers letter stating that he was paired with Mr. Armstrong, and at the same time the letter of Mr. Haldeman, declaring that he too, was paired with Mr. Armstrong, thus proving beyond the hope of successful contradiction that the absence of Mr. Armstrong was really and truely a gain of one vote for the tariff. Now George says he reads the papers and claims to be intelligent, if so, he saw these letters, vindicating Mr. Armstrong; yet Meek & Co., make J. G. Kurtz endorse the lie over his own signature.

Has not Kurtz read the old saying that "A liar is not to be believed when he does tell the truth?" And has he not also read in his Bible, that passage which declares that all liars shall be cast into a lake of fire? &c.

In the second place I have known for years that Meek was and is a free trader; but I was not ready to believe that J. G. Kurtz had changed again, and become a free trader, and willing to work and vote, for one. It would seam, however, that such is the fact. Look at it. He is made stronger in the free trade faith than Meek, when his amanuensis compels him to say that a true representative will vote "*to carry the reduction on iron to a success.*" When he was signing the falsehood in this paragraph did he intend to proclaim to the world that he had changed his coat again and adopted free trade principles? If so; why does he complain of Mr. Armstrong's absence? Had he been there he would have voted against the gentleman from Maryland and Meek and Kurtz by opposing their free-trade policy.

But why should I waste the space of your valuable paper in a criticism of poor Kurtz and the article he has signed, when you (as well as every person who read it) know that the article is nothing, contains nothing, but a rehash of the *Watchman* published from time to time, and as often as they have appeared in that paper, just so often have their falsehoods and mis-statements been exposed by you. So often, indeed, that the Editors of that paper became ashamed of them, and ceased to publish them; but now, they have procured Kurtz, this political Bladder and weather-cock—to stand god-father to the bantling.

But poor creature, (I say poor creature, because I pity him) he knows not what he has signed, his reason appears to have been dethroned. George is not himself, as his copperhead masters keep him in a state of *inflation* with the promise that if they succeed, he shall be appointed Post Master, ☞ over the left ☜ and then charge him with "turning my (his) coat" with being "a disappointed office seeker." This would be too bad, as Kurtz never turned his coat to obtain office. And was it not cruel in Meek to call George a "Hessian and miserable dolt," when he knew that Kurtz had not changed but was a Democrat and free trader all the time, working for office—Post Office. Cruel, cruel Meek, Silly, silly George.

But his masters are not yet done with him, and to show him off in a more ridiculous manner, if possible, they make him say, in the article he has ignorantly signed, that he is now opposed to the 15th Amendment. This was a rich nut for Meek, and I think I hear him laughing over it yet. I was present when he did laugh at it, at least, and heard him insinuate that Kurtz had never changed on this question either. It sounds so queer to hear Meek defending Kurtz. I think Kurtz has actually changed on this question.

As a reason for my belief, let me tell the following. J. G. Kurtz was in the army. While there he captured a contraband. He brought him home. Put him to work in his printing office. After some time he challenged Meek and all his hands to a trial of type-setting with his contraband. Declaring that his negro contraband of war—could set more type, and set them better and cleaner than any "traitor" in the *Watchman* office. This is the story. Kurtz will not deny it. I dare him to deny it. Now then it does look to me as if Kurtz had turned his coat become an enemy to the negro and the 15th amendment notwithstanding Meeks declaration that George has never changed.

But, as every body knows J. G. Kurtz is a military man. Was "jigger" boss or commissary in the U. S. A., of the Potomac, and is therefore bursting with courage and savage at "Robert" declaring, "I will endeavor to kill the reptile." And for what? Why would Kurtz make a murderer of himself by killing something? Why? For the reason that "Robert" would not justify his efforts in assisting the Democrats to defeat Mr. Armstrong. This would hardly pass for justifiable homicide, particularly in a man possessing the tremendous influence, which J. G. Kurtz does with the Republicans of Centre county.

Again I say poor Kurtz is more to be pitied than one might at first believe. He is savage. He is mad. His strongest desire is to kill—to kill a "reptile." Why George are you idle? Why if you mean what you say, do you not get a club and sley on the right hand and on the left. Surely you are surrounded by "reptiles." You are right in the midst of the meanest nest of copperheads ever seen this side the Allegheníes. Raise your club. Strike. Strike for your life, or for a good character which is better than life. Sley them hip and thigh. This is good advice George. If you will follow it, you may yet live to play the *role* of the first martyr, and claim at the same time to have slain as many, if you will kill, as Sampson did with the jaw-bone of an animal, which was never known to speak but once, a virtue you would do well to imitate, both in the manner and matter of your speaking; but be careful your enemies do not get hold of *your* jaw bone.

But my Dear Kurtz you were not so dangerous when you were jigger boss in the army. Why are you so courageous now? Shame! shame J. G. Kurtz to be so anxious to kill, so blood, thirsty. Don't do it George. Keep your temper. Let not your angry passions rise. Let you and I be friends. I do not want to kill you or any other buggor, thing. Cool down. Don't put on airs and make an aristocrat of yourself by claiming to do what you didn't or to have what you havn't. Here is my hand, George. Surely I would not hurt a hair of your head. Don't write any more for the *Watchman* it makes everybody laugh at you so. This makes me feel so badly. It worries those two or three friends of yours too. But enough of this, get into a good humour George and join me in singing in our mother tongue the neat and appropriate song as follows, to wit:

Shoo Fly! Mit Deutch Sprachen.

WEGGEHEN! FLIEGE.

Ich fuhle, Ich fuhle, Ich fuhle,
Ich fuhle wie der morgenstern,
Ich fuhle, Ich fuhle, Ich fuhle,
Ich fuhle wie der morgenstern,
Die musick ist am Lufte
Mein mutter sagt mir das,
Mein Kopf von deiser Negerinn
Die Engle geifliensen Sucherass.

Weggehen! Fliege! nitch mich truben,
Weggehen! Fliege! nitch mich truben,
Weggehen! Fliege! nitch mich truben,
Furch I Ich bin an dem Companie "G."

ROSADALIS.

THE GREAT AMERICAN health RESTORER, purifies the blood and cures Scrofula, Syphilis, Skin diseases, Rheumatism, and all Chronic Affections of the blood, Liver and Kidneys. Recommended by the Medical Faculty and many thousands of our best citizens. Read the testimony of Physicians and patients who have used Rosadalis: send for our Rosadalis Guide to Health Book, or Almanac for this year, which we pulish for gratuitons distribution; it will give you much valuable information.

Dr. R. W. Carr, of Baltimore, says:

I take pleasure in recommending your Rosadalis as a very powerful alterative. I have seen it used in two cases with happy results—one in a case of secondary syphilis, in which the patient pronounced himself cured after having taken five bottles of your medicine. The other is a case of scrofula of long standing, which is rapidly improving under its use, and the indications are that the patient will soon recover. I have carefully examined the formula by which your Rosadalis is made, and find it an excellent compound of alterative ingredients.

Dr. Sparks, of Nicholasville, Ky., says he hasused Rosadalis in cases of Scrofula and Secondary Syphilis with satisfactory results—as a cleaner of the Blood I know no better remedy.

Samuel G. McFadden, Murfreesborough, Tenn., says:

I have used seven bottles of Rosadalis, and am entirely cured of Rheumatism; send me four bottles, as I wish it for my brother, who has scrofulous sore eyes.

Benjamin Bechtol, of Lima, Ohio, writes, I have suffered for twenty years with an inveterate eruption over my whole body; a short time since I purchased a bottle of Rosadalis and it effected a perfect cure.

Rosadalis is sold by F. P. GREEN, and Druggists generally.

COMPLETION OF THE PACIFIC RAILROAD.

GREAT RUSH TO STERNBERGS.

Sung to the tune of Yankee Doodle.

The Great Pacific Railroad's laid,
From ocean unto ocean,
And now complete connections made,
An enterprising notion.

The mighty work at last is done,
So speedy and brisk, oh!
And now in ten days we can run
From here to San Francisco.

No more we take the ancient route,
The stage, a horrid slow thing;
It banged the passengers about
And wore out all their clothing.

CHORUS, for the end of each verse:

The Great Pacific Railroad laid,
From ocean unto ocean,
And we buy clothes from A. STERNBERG,
A most delightful notion.

Through passengers by the Pacific Railroad will call at the store of A. Sternberg, before starting, and provide themselves with a complete outfit of Spring and Summer clothing, the very best assortment of which will always be found at A. Sternberg's Store.

People who travel by other routes, and also people who, instead of travelling by any route at all, prefer to stay at home, can find the most superior and seasonable garments, for every occasion, of every variety, and at the lowest price.

Do not fail to call and examine our stock before purchasing elsewhere; if you do not, we are sure you will be sorry that you did not. Our goods are put down to the lowest figure. We sell whole suits, according to quality.

Ayer's

Hair Vigor,

For restoring Grey Hair to its natural Vitality & Color.

A dress which is at once agreeable, healthy, and effectual for preserving the hair. *Fresh or gray hair is restored to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparation dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

MANHOOD

In the Young and Rising Generation-

The vegetative powers of life are strong, but in a few years how often the pallid hue, the lacklustre eye and emaciated form, and the impossibility of application to mental effort, show its baneful influence. It soon becomes evident to the observer that some depressing influence is checking the development of the body. Consumption is talked of, and perhaps the youth is removed from school and sent into the country. This is one of the worst movements. Removed from ordinary diversions of the ever-changing scenes of the city, the powers of the body, too much enfeebled to give zest to healthful and rural exercise, thoughts are turned inwards upon themselves.

If the patient be a female, the approach of the menses is looked for with anxiety, as the first symptom in which Nature is to show her saving power in diffusing the circulation and visiting the cheek with the bloom of health. Alas! increase of appetite has grown by what it fed on; the energies of the system are prostrated, and the whole economy is deranged. The beautiful and wonderful period in which body and mind undergo so facinating a change from child to woman, is looked for in vain. The parent's heart bleeds in anxiety, and fancies the grave but waiting for its victim.

HELMBOLD'S

EXTRACT BUCHU

For Weakness arising from excesses or early indiscretion, attended with the following symptoms: Indisposition to Exertion, Loss of Power, Loss of Memory, Difficulty of Breathing, General Weakness, Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision Langour, Universal Lassitude of the Muscular System, Often Enormous Appetite with Dyspeptic Symptoms, Hot Hands, Flushing of the Body, Dryness of the Skin, Pallid Countenance and Eruptions on the Face, Pain in the Back, Heaviness of the Eyelids, Frequently Black Spots Flying before the Eyes, with Temporary Suffusion and Loss of Sight, Want of attention, Great Mobility, Restlesness, with Horror of Society. Nothing more desirable to such patients than Solitude, and nothing they more dread, for Fear of Themselves; no Repose of Manner, no Earnestness, no Speculation, but a hurried Transition from one question to another.

These symptoms, if allowed to go on—which this Medicine invariably removes—soon follow Loss of Power, Fatuity, and Epileptic Fits, in one of which the patient may expire.

During the Superintendence of Dr. Wilson at the Bloomingdale Asylum, this sad result occurred to two patients; reason had for a time left them, and both died of epilepsy. They were of both sexes, and about twenty years of age.

Who can say that these excesses are not frequently followed by those direful diseases Insanity and Consumption? The records of the Insane Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sodden and quite destitute—neither Mirth or Grief ever visits it. Should a sound of the voice occur, it is rarely articulate.

"With woeful measures wan Despair
Low sullen sounds their grief beguiled."

Whilst we regret the existence of the above diseases and symptoms, we are prepared to offer an invaluable gift of chemistry for the removal of the consequences.

THE DIAMOND GLASSES,

MANUFACTURED BY

J. E. SPENCER & CO.,

N. Y., which are now offered to the public, are pronounced by all the celebrated Opticians of the World to be the

MOST PERFECT

Natural, Artificial help to the human eye ever known.

They are ground under their own supervision, from minute Crystal Pebbles, melted together, and derive their name "Diamond," on account of their hardness and brilliancy. THE SCIENTIFIC PRINCIPLE on which they are constructed brings the core or centre of the lens directly in front of the eye, producing a clear and distinct vision, as in the natural, healthy sight, and preventing all unpleasant sensations, such as glimmering and wavering of sight, dizziness, &c., peculiar to all others in use. They are **Mounted in the Finest Manner,** in frames of the best quality, of all materials used for that purpose. *THEIR FINISH AND DURABILITY* cannot be surpassed.

CAUTION.—None genuine unless bearing their trade mark stamped on every frame.
